

Long Ashton Parish Council

Policy on residents identified as generating an unreasonably large volume of correspondence with the Parish Council.

In normal circumstances the Council expects the Clerk to respond to correspondence within 10 working days of receipt. However, where a resident or group has been identified, by a resolution of Full Council, as generating an unreasonably large volume of correspondence with the Parish Council (whether with councillors and/or the clerk), that resident or group will be informed and asked to direct all correspondence to the clerk. The Council will instruct the Clerk as to how much time should be spent in responding to their correspondence each month, for an appropriate length of time

October 2014 - Adopted

19th October 2015 - Reviewed without change

17th October 2016 - Reviewed with minor change (unusually replaced by unreasonably).
